

Masaya CHIBA

Masaya Chiba is preparing for his solo exhibition at the Tokyo Opera City Art Gallery this coming October. *This Sound is Also a Part of Artwork.* was included in his solo exhibition in a defunct dormitory of Nagoya Customs at Assemblage Nagoya 2019, to which he was invited last year. In addition, we included *Pork Park#4*, in which the artist utilized an unconventional style to exhibit a set of five paintings by hanging one at a time and switching to the next one after a certain period of time just like a slideshow. *Pork Park#4* was first exhibited at ShugoArts Weekend Gallery in 2016.
